

Wellington Works, Mill Lane, Woodley Stockport SK6 1RN

Safety Documentation Example

Compartmentation is provided by way of a single protected staircase leading from the protected lobby area off which are a number of flats which have newly fitted front entrance doors in 2023 and all walls which form a work zone are also compartmented.

Any compartmentation breaches picked up on the Fire Risk Assessments are sent to a competent contractor for remediation work.

A separate survey was also undertaken in 2023 as a separate exercise to specifically review all compartmentation.
